

Information Sheet for Events and Christmas Markets

The 2020/21 winter season presents us all with very particular challenges. Together we are doing everything possible to nevertheless make this winter into a success and to enable our guests to have a safe and relaxing winter holiday.

AUSTRIANWIDE MEASURES

The following measures have been implemented by the Austrian Federal Government, based on the current [statutory regulations](#):

- A minimum distance of 1 metre between people who don't live together in the same household
- Mandatory face coverings
- There are additional requirements for events, depending on their size and type. In particular, these include restrictions as to the number of people
- Prevention/hygiene plan, which includes appointment of a Covid representative, as well as:
 - » Risk analyses
 - » Regulation of the number of visitors
- » Management of the flow of visitors
- » Staggering measures
- » Security and hygiene measures for operators, providers and employees
- » Security and hygiene measures for visitors
- » Regulations for face coverings
- » Ensuring catering stands have enough room for safe consumption of food and drink
- » Communication

COVID-BOARD SALZBURGERLAND RECOMMENDATIONS

For optimal preparation for the coming winter, in addition to putting the above-named safeguards in place, the Covid-Board Salzburgerland also recommends implementing the following measures:

Events

- No ski-opening events during and after the winter season
- No Krampus runs
- New Years' fireworks should take place in locations without an event character (there should be no bars or serving of food and drink etc)
- Christmas markets can take place on the condition that there is a prevention and hygiene plan in place
- Current event guidelines apply for both indoor and outdoor events

More information on prevention plans and current event guidelines can be found at www.sichere-gastfreundschaft.at (German only)

Hotel and gastronomy

- [New Year] galas and other evening events must take place without dancing and music – the focus should be on the gastronomy

Covid representative

- The Austrian Red Cross is offering training for Covid representatives. [Information can be found here](#) (German only)
